

2025 Summary of Benefits

ConnectiCare Choice Plan 3 (HMO-POS)

January 1, 2025 – December 31, 2025

The benefit information provided is a summary of what we cover and what you pay for. It does not list every service that we cover or list every limitation or exclusion. Some services may require prior authorization. To get a complete list of services we cover, including those that require prior authorization, please review the “Evidence of Coverage.” You can find this document on our website at connecticare.com/medicare, or call us and we’ll send you a copy.

Who can join?

To join a **ConnectiCare Choice Plan 3 (HMO-POS)**, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area. Our service area includes the following counties in **Connecticut**: Fairfield, Hartford, Litchfield, Middlesex, New Haven, New London, Tolland, and Windham.

Which doctors, hospitals, and pharmacies can I use?

ConnectiCare Choice Plan 3 (HMO-POS) has a network of doctors, hospitals, pharmacies, and other providers. Except in emergency, urgent care situations, or out of area dialysis, if you use providers that are not in our network, we may not pay for these services.

This plan covers dental benefits in and out of network. You may pay more for dental services when using out of network dentists.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider. You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website at connecticare.com/medicare. Or, call us and we’ll send you a copy.

In most situations you must use network pharmacies to fill your prescriptions for covered Part D drugs. Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies. You can see our plan’s provider or pharmacy directories on our website at connecticare.com/medicare. Or, call us and we’ll send you a copy.

Medicare Part D Drug Coverage

Our plan groups each drug into one of six “tiers” (levels). You will need to use the formulary (list of covered drugs) to locate what tier a drug is in.

How much you pay for your prescription drugs depends on what tier your drug is in and what stage of the benefit you are in. There are two stages in your Part D prescription drug coverage.

Two Stages of Drug Coverage

Initial Coverage

In this stage, you and the plan share the costs of some of the covered drugs until your year-to-date out-of-pocket costs reach \$2,000. Out-of-pocket costs include what you paid when you get covered Part D prescription drugs, any payments for your drugs made by family or friends, and payments made for your drugs by Extra Help from Medicare, an employer or union health plan, TRICARE, Indian Health Service, AIDS drug assistance programs, charities, and most State Pharmaceutical Assistance Programs (SPAPs).

Initial Coverage Stage — \$0 - \$2,000					
Tier	Deductible	Retail Cost Sharing		Mail Order	
		Preferred Pharmacy 30-Day Supply	Standard Pharmacy 30-Day Supply	Preferred 30-Day Supply	Preferred 90-Day Supply
Tier 1: Preferred Generic	\$0	\$2	\$9	\$0	\$0
Tier 2: Generic	\$0	\$10	\$20	\$0	\$0
Tier 3: Preferred Brand	\$0	\$42	\$47	\$42	\$126
Tier 4: Non-Preferred Drugs	\$0	\$95	\$100	\$95	\$285
Tier 5: Specialty	\$0	33%	33%	33%	Not available in a long-term supply
Tier 6: Select Care Drugs	\$0	\$0	\$0	\$0	\$0

You pay no more than \$35 for a one-month supply of covered insulin and \$0 for most adult Part D vaccines, including shingles and some travel vaccines.

If you live in a long-term care facility or use a non-preferred mail order pharmacy, you pay the same as at a standard retail pharmacy.

Catastrophic Coverage

After your year-to-date out-of-pocket costs reach \$2,000, you will pay nothing for covered part D drugs.

Get Help Paying for Your Prescription Drugs

Extra Help

Extra Help is a free Medicare program and is known as Low Income Subsidy (LIS). It helps people with low or limited income and resources pay Medicare Part D drug plan costs.

What do you get with Extra Help?

- Payment of 75% or more of your drug costs. These include your monthly premium for prescription drugs (**the amount you pay each month**).
- Payment of your annual deductible (**the amount you pay before your plan starts to pay**).
- Payment of coinsurance costs (**the percentage you pay for your prescription drugs**).

You automatically qualify for Extra Help if:

- You have full Medicaid coverage.
- You get help from your state Medicaid program to pay your Part B premiums in a Medicare Savings Program.
- You get Supplemental Security Income (SSI) benefits.

Many other people with low or limited income also qualify for Extra Help and don't know it!

There is **no cost** to apply. Contact your local Social Security office or call Social Security at **800-772-1213** (TTY: **800-325-0778**). You can also apply online at **ssa.gov/benefits/medicare/prescriptionhelp**.

The Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a new payment option that works with your current drug coverage, and it can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December). This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.

Extra Help from Medicare and help from your State Pharmacy Assistance Program (SPAP) and AIDS Drug Assistance Program (ADAP), for those who qualify, may be more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in this payment option, regardless of income level, and all Medicare drug plans and Medicare health plans with drug coverage must offer this payment option. Contact us or visit **medicare.gov** to find out if this payment option is right for you.

2025 Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service representative at **800-224-2273** (TTY: **711**), from Oct. 1 to March 31, seven days a week from 8 a.m. to 8 p.m. From April 1 to Sept. 30, Monday through Saturday from 8 a.m. to 8 p.m.

Understanding the Benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit connecticare.com/medicare or call **800-224-2273** (TTY: 711) to view a copy of the EOC.
- Review the Provider Directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the Pharmacy Directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding Important Rules

- Effect on Current Coverage.** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums, and/or copayments/coinsurance may change on January 1, 2025.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for certain covered services, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
